About CCAM

September is Childhood Cancer Awareness Month (CCAM) in the United States, and serves as a reminder that we must create change to last a lifetime. This year, NBTS invites you and your family to engage your creativity, all while spreading awareness.

What supplies do I need?
Rocks, paint, paintbrushes, and your creativity!

What should I paint?
This is your rock, so you can paint whatever you want! Try creating a rock with pictures or messages to help make people aware of #CCAM.

Where should I put my rock?
This is your rock, so you can put it anywhere you want! Place your rock(s) in your garden, by your mailbox, or even around the house. With proper social distancing, you could take your rock and put it in a public park or hiking trail, where someone else might find it!

Help spread awareness about Childhood Cancer Awareness Month
