

Key Questions to Ask Your Doctor

After Treatment

WHAT TO EXPECT

- What is the likelihood that my tumor will recur?
- What are my options if it does?
- How often will I need MRI's and checkups?
- Will I be able to return to work and, if so, at what point? Will I need any accommodations? Do you have any information for my employer/HR team that will help them support me at work?
- If I can't return to work, what do I need from you to apply for long-term disability?
- Will I need to navigate long-term Social Security Disability Insurance (SSDI) and who can help me do that?
- Can I drive or will I be able to drive eventually?
- What do I need to do to be cleared to drive again? Can you recommend any local transportation assistance programs?

PALLIATIVE CARE AND QUALITY OF LIFE

- Can we discuss a plan for quality of life and palliative care?
- Are there any vitamins or nutritional recommendations and complementary therapies you suggest to improve my quality of life and general health?
