Key Questions to Ask Your Doctor

End of Life

- What emotional support is available for me, my caregiver, and my loved ones to help us cope with my prognosis?
- What are my options for hospice? Can hospice care be provided at home?
- What services are provided in hospice care?
- Where can my caregiver and I go for assistance with <u>a living will</u>, <u>power of</u> <u>attorney</u>, <u>and healthcare proxy</u>? Who should have copies of these documents?
- What resources are available to help with creating or updating my will?
- How can I donate my tumor tissue to research? Can someone on my care team provide assistance in finding a research program and arranging for the donation of my tissue?
- What <u>other resources are available</u> to provide assistance, information, and support?
- Can I be an organ donor?
